## SPEZIFICATION OF PAPER MACHINE FOR COATED PAPER

Manufacturer	:	WÄRTSILÄ, VOITH ANDRITZ
Internal number	:	PM4
Year of made	:	1969
Main times rebuilts	:	up to year 2007
Working width	:	trimm width 4000mm at 80gsm
speed	:	max. 1000 m/min
paper grades	:	single and double sided coated high glossy w/f papers
grammage range	:	80-170gsm
capacity	:	

Approch flow system from Machine Chest, Cleaner, Dekulator, 3 Stage Pressure Screen (Vsi15/15 + Jylhävarra + Vsi10

Paper Machine in excellent condition, ready to be started

---

## SPEZIFICATION OF OFF LINE (MAT) CALENDAR

Manufacturer	:	Kleinewefers
Working width	:	trimm width 3800mm
paper grades	:	single and double sided coated high glossy w/f papers
unwind	:	flying splice
calendar rolls	:	dismantled and well stored

Calendar in excellent condition, ready to be started

---

## SPEZIFICATION OF SLITTER REWINDER

Manufacturer	:	Valmet
Type	:	JR1000
Year of made	:	1991
Working width	:	trimm width 3770mm
speed	:	2100m/min
paper grades	:	single and double sided coated high glossy w/f papers
grammage range	:	80 – 350gsm
capacity	:	530 tpd

Slitter Rewinder in excellent condition, ready to be started

---

## SPEZIFICATION OF SHEET CUTTER

**Manufacturer** : **JAGENBERG Internal number QS1**  
Year of made : 1977  
Type : AS 16  
Cross Cut type : Synchro (2 oposite knife drums) Single  
Working width : 1600mm  
Max. Speed : 250 mpm  
Cut length : 550 – 2000mm  
Slitting stations : 3  
Knife load : 600 gsm  
Capacity : max. 125 tpd  
Unwind stand : 2 x 8 reels  
Equipd with : edge trimm discharge, sheet counter and paper strip injector

**Manufacturer** : **JAGENBERG internal number QS2**  
Year of made : 1979  
Type : AS 16  
Cross Cut type : Synchro (2 oposite knife drums) Single  
Working width : 1600mm  
Max. Speed : 250 mpm  
Cut length : 550 – 2000mm  
Slitting stations : 2  
Knife load : 600 gsm  
Capacity : max. 80 tpd  
Unwind stand : 2 x 6 reels, shaftless  
Equipd with : edge trimm discharge, sheet counter and paper strip injector

**Manufacturer** : **JAGENBERG Internal number QS5**  
Year of made : 1987  
Type : AS 116  
Cross Cut type : Synchro (2 oposite knife drums) Single  
Working width : 1600mm  
Max. Speed : 350 mpm  
Cut length : 420 – 1600mm  
Slitting stations : 3  
Knife load : 800 gsm  
Capacity : max. 160 tpd  
Unwind stand : 4 x 2 drum flying splice unwind stands with Montalvo eddy current brakes  
Equipd with : edge trimm discharge, sheet counter and paper strip injector

**Manufacturer** : **JAGENBERG Internal number QS6**  
Year of made : 1991  
Type : Synchro 35-165  
Cross Cut type : Synchro (2 oposite knife drums) Single  
Working width : 1650mm  
Max. Speed : 350 mpm  
Cut length : 420 – 1600mm  
Slitting stations : 3  
Knife load : 800 gsm  
Capacity : max. 210 tpd  
Unwind stand : 4 x 2 drums flying splice unwind with eddy current brakes by Montalvo  
Equipd with : Continat layboy, edge trimm discharge, sheet counter and paper strip injector

## **SPEZIFICATION OF BIELOMATIC REAM WRAPPER, 2 UNITS AVAILABLE**

Manufacturer	:	BIELOMATIC
Year of made	:	1996 and 1999
Wrapping paper unwind	:	1 x 4 wrapping paper reels
Sizes	:	DIN A3 – 740/1040mm
Max. Speed	:	16,6 reams / min
Specifice capacity	:	440 reams / hour
Glue	:	hot melt2
Equiped with	:	feeding of palets, automatic ream feed, layboy and discharge conveyor

## **SPEZIFICATION OF RE-REELER**

Manufacturer	:	JAGENBERG
Year of made	:	1991
Working width	:	trimm width 4000mm

## **SPEZIFICATION OF PAPER GUILLOTINE**

Manufacturer	:	SCHNEIDER
Type	:	KS-185 ROBO
Year of made	:	2000
Equiped with	:	feeding and discharge

A very good, up to date machine in excellent condition

## **SPEZIFICATION OF PALET TURNER**

Manufacturer	:	SCHNEIDER
Type	:	E190RL
Year of made	:	11/1999
Max load	:	1500kg

A very good, up to date machine in excellent condition
